

Friday night
Nov 30 1911

My dear husband, are you
thinking I've deserted you
or have you missed my
letters - I'm a busy woman
and don't do much either.
We're pretty busy at the
stone and its getting on
my nerves - Have a habit
of getting a head-ache
along about five oclock
here of late but its just
about three ^{more} weeks now -
and I'm getting all
wondered up about getting
my things packed and
off - that bed worried
me - am sorry you
didn't take it when you
went - and just what

size boxes and all but
then I guess I'll get
them off somehow or
other - Had planned to
take my boxes with me
and my excess baggage
but I can't do the bed
that way so had better
send them by freight ??

Meant to tell you the
fudge mamma made
was a failure but I
sent it anyway - but
maybe it would taste
better than it looked.
John left for Austin Tex
last night and of course
Ruby's heart broken -
all the Reeds went to Colan
to the grave and he started
from there - Mary & her

P.S. Sat noon -

Dearest, I forgot to tell
you the girls gave me
a shower at Evangelina's
this week and I got all
sorts of nice things -
towels, kitchen utensils
etc - all useful things
Got a pretty silver tea-
strainer from Gladys
this morn - said she
wouldn't send a rolling
pin for the that too
much of you - I've
gotter so many letters
that it will take me
a month to answer
them all - I'm going
out to your home tonight
Hav'n't missed a week end

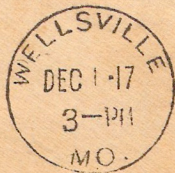

since you left Its a
fine day today - Foggy
most of the morning
but all sunshiny now.
Ruby, Evangeline, & Berene
are going down to
St. Louis on no 20 - take
in the sights and shop
some - Wish I were
starting to you today
but it won't be long till
I'll be leaving -

Must powder
my nose and go back
to work - Saturday the
1st. is always a hard day.
Lots of love from
your wife
well

Dewitt's friend went in
a Buick too - But the
game was too one sided
to be interesting almost
27-3 in favor of Kansas.
Too bad! And the game
between West M. and Central
21-7 for C.

Exactly a month
ago tonight we committed
ourselves, Sweetheart, but
it seems an age since
I kissed you goodbye
over at the train that
night you left.
Glad Spitz isn't
far away and I hope
he's being well treated.
I'll never learn how to
say our neighbors names
what kind of people are
they - partly civilized or
not? I'm in my pajamas

all ready for bed - and
while I think about it
don't you need your
bath robe and won't
you want it when I
come - That I'd bring it
with me if you did - but
I think you'll need it -
want to see about the
lantern but Mark didn't
know exactly what kind
you got so I that you must
have gotten it from here
so in going back again
what does the cotton planter
look like? Wait and see -
well just as you say -
are you still eating potatoes
I don't have a minute to
practice cooking - Poor boy
it's a good thing Uncle N. is there
must jump in bed - Some one
good night kiss
neeee
